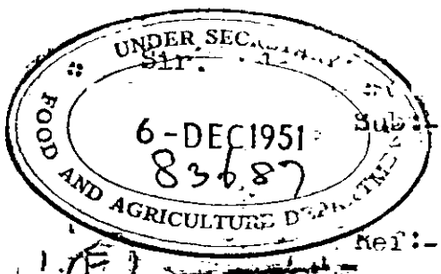
No.Roc.D.1.903/51.dated 3-12-51.



Sir,

Sub:- Indian Central Sugarcane ~~Committee~~ Committee Sugarcane Development Scheme - Starting of Liaison Farm - Lands for Liaison Farm Hospet - compulsory lease of land - Request for.

Ref:- G.O.No.73 Development Department dated 5-1-49

In the G.O. cited, Government sanctioned the scheme for the [illegible]opment of the sugarcane industry in Madras till 31-3-53. They ha[illegible] sanctioned the starting of 4 liaison farms at Samalko[illegible]kuppam, Kulitalai and Hospet, the area of each farm being a[illegible]0 acres.

2. In respect of the Sugarcane Liaison Farm, Hospet, it has been found very difficult to obtain the lands at reasonable rent in a compact block. The factory at Hospet has no lands of its own. As such, lands have to be taken on leave from private owners. But no owner or cultivator is ready to give up his land he is cultivating on lease for the liaison farm. The question of taking lands on lease for the liaison farm has been proving a difficult problem during the last three years. The farm had therefore to be run by taking lands in 2 blocks, one far away from the other. The land could not also be obtained in time, thereby causing considerable handicap in raising crops and conducting experiments under normal conditions. There is no prospect of getting also on reasonable terms.

lands on voluntary basis this year also on reasonable ~~terms~~ terms

3. I therefore request that the Collector of Bellary may please be instructed to lease out 20.00 acres of land compulsorily. In this connection attention invited to G.O.Ms.No.1577 Food and Agriculture dated 17-8-50.

4. The particulars of lands required are furnished below, out of which 20.00 acres may be leased out.

I submit herewith proposals in Form 12 in Appendix XII of the L.A. Manual, in duplicate, for the temporary occupation of Lands by the Sugarcane Development Liaison Farm at Hospet . The extent of the lands required is Acres.20.57. It has been reported that the lands are leased out at Rs.500/- per acre or 12 tons of Sugarcane per annum. They are valued at Rs.7000 to 9000 per acre. As the lands are quite fertile and rich and as sugarcane has a good price now, Rs.500/- per acre per annum is reasonable. But provision for payment of compensation appears to have been made at Rs.300/- per acre. Crops on these lands appear to have been harvested and the lands may be arable. I am asking the Revenue Divisional officer, Hospet to report on this point.

Sub:- L.A. - Lands Required for the sugarcane Liaison farm at Hospet - Temporary lease under section 35 - Further report.

In G.O.Ms.No.1002 Dev.11-3-52 Government have ordered the procurement and occupation of lands for the sugarcane Liaison Farm. The Revenue Divisional Officer, Hospet to whom the orders were communicated for necessary action under sections 35 and 36 reports that the pattadars of the lands object to the occupation and that there is no provision to enter upon the lands immediately. A copy of his Rc. 2554/52 dated 1-4-52 is enclosed. As the Government have already ordered the procurement and occupation, the Revenue Divisional Officer may pay the compensation or refer the matter to Civil Court if there is any dispute regarding the sufficiency of compensation and take possession and permit the occupation of the lands. I am asking him to do so. A copy of my letter to him in this regard is also enclosed.

Land acquisition - Lands required for the sugarcane liaison farm at Hospet - Temporary lease of land under section 35 of the Land Acquisition Act - Enquiry report submitted.

Ref. Collector's Rc.20941/51 B5 dated 14-3-52.

In obedience to your orders, I conducted the enquiry under section 35 of the Act. The various objections filed by the pattadars and the lease holders are enclosed for favour of perusal.

The main objections are that the present lessees who are cultivating the lands are in occupation as lessees for the past several years. The pattadars some of them have advanced moneys for agricultural operations, with a view to recover the amounts from the produce. The lessees who do not own other lands of their own if dispossessed will be thrown out of employment. The pattadars feel that they will incur a loss in their not getting back their moneys advanced to the ryots.

Some of the pattadars who have not advanced moneys depose that their ryots have taken loans from merchants pledging the produce and that they are now mentally not in a position to dispossess the lessees.

Another objection filed by them is that the lands are not well taken care of by the Department. One Dail Basappa whose lands were taken in the previous occasion, deposes that the lands were improved and that

and that he had to spend a considerable amount to bring back the land to its original state. This has made several of the pattadars not to give up the land for the Liaison Farm.

The pattadars also have an objection for the rate of compensation.

I have to finally add that both the pattadars and the ryots are not willing to part with the lands. Under sections 35 and 36 of the Act I find that there is no provision to enter upon the Land immediately and take possession of it.

. . .

p.20 LA Manual not found up

The pattadars have an objection for the compensation amount and the matter has to be referred to a Civil Court under Section 35(3) of the Act. I request that the Collector may be issued to refer the matter to the Court and issue a direction to the Superintendent Liaision Farm to enter upon the Lands as he says that he has to urgently conduct experiments.

To A.S.

In G.O.No.1577 F.& A. Dept. dated 17-8-1950 the Govt. ordered that the D.A. might move Govt. for the application of sections 35 to 37 of the Land Acquisition Act whenever waste or arable land is required for temporary occupation for the purpose of Agricultural Research Sub Stations. For the reasons stated in para 2 on p.1 c.f. the D.A. has now requested the Govt. to acquire temporarily 20 acres, the particulars of which are given in para 4 on p.1 c.f., for starting the Sugarcane Liaison Farm, Hospet, sanctioned in G.O.Ms.No.73 Devt. dated 5-1-1949. The D.A. has stated that the areas proposed are being harvested and the tenants are likely to take up cultivation for the next seasons crop and that early orders may be issued in the matter. The particulars of lands given are not in the form 12 of Appendix XII of the Land Acquisition Manual and the proposals will have to come through the Bd. of Rev. also. No sketch of the land has also been received. It may take time if a reference is made to the Collector of Bellary for submitting proposals in the prescribed form for temporary acquisition of the lands in question. As the D.A. has given particulars of lands, survey number, area and the names of the owners and as the D.A. has stated that action should be taken up before the owners take up cultivation for the next seasons crop; it is for consideration whether the temporary acquisition of the land may be sanctioned for 2 years. Subject to orders a draft order is submitted.

F.& A., Rev. and Fin. Depts. may see.

The D.A. should be told that all such proposals should be submitted through the Collr. in good time

of the Revenue village in which the lands required are situate. The Govt should also have some idea in regard to the amt of compensation for occupation of the land

The D-H's letter may be referred to the Bellary Collr. for immediate remarks to the Bd. The draft endtl in p.c.f. may be approved for issue.

To A.S.

Please see the Board's reports on pp.21 and 31 c.f. and the letter on p.29 c.f. from the Collector of Bellary.

2. The Collr. of Bellary has submitted proposals in Form 12 in Appendix XII of the Land Acquisition Manual for the temporary occupation of the lands specified therein required for the Sugarcane Liaison Farm at Hospet. The Collr. has reported that the crops in certain lands proposed have been harvested and that Sugarcane crop sown in June or September is still on ground in the remaining lands. The Bd. of Rev. has submitted the Collr.'s proposal, but has not offered its remarks on the proposal. As section 35 of the Land Acquisition Act can be applied only to the arable and waste lands and not to the land with crops standing on it, it is for orders whether the Collr. may be directed to procure the lands without crops first and then the lands with crop after ~~it is~~ harvested. Subject to orders, a draft order is submitted below for approval.
